Live in La Joya, TX this morning as 200+ migrants crossed illegally in just this one spot. Most were families and unaccompanied kids/minors who turned themselves in. Groups of runners were apprehended by agents in the brush nearby. Activity continues to pick up here. @FoxNews

The left knows we know it's a logical fallacy of equivocation, but they will push it anyway, hoping conservatives will be stupid enough to respond, which then simply drives and reinforces their narrative that it must be substantive because now we're talking about it.

It's how they shape reality falsely.

They just keep repeating it and if we respond ("EVEN LOGICALLY") then weeks or months later, they'll say, "Look at the conservatives' responses trying to defend racist self-defense!" and claim it was unprompted

Fallacy of equivocation: when a term in an argument is used in an ambiguous way, with one meaning in one part of the argument and then another meaning in another part of that argument. Please post an example of "the left" doing that in this case

Totally opposite of what Paul writes in Romans 9.
Jesus tells Nicodemus that it's totally up to Spirit of God to give faith when and where He wills. Jesus tells us openly that our wills are bound. Not free.
But sinners can't resist the desire to have some role in their salvation

Statement on Chris Cuomo's termination from CNN.

> Statement from CNN:
>
> Chris Cuomo was suspended earlier this week pending further evaluation of new information that came to light about his involvement with his brother's defense. We retained a respected law firm to conduct the review, and have terminated him, effective immediately. While in the process of that review, additional information has come to light. Despite the termination, we will investigate as appropriate.

Dr. Malone may be right or may be wrong in his views regarding Covid vaccines.

But he is a respectable scientist, the inventor of mRNA vaccine technology(!), and so has the right to state his scientific opinion.

There is no justification for suspending him. It's a disgrace.

Timeless wisdom

Choose your leaders with wisdom and forethought.
To be led by a coward is to be controlled by all that the coward fears.
To be led by a fool is to be led by the opportunists who control the fool.
To be led by a thief is to offer up your most precious treasures to be stolen.
To be led by a liar is to ask to be told lies.
To be led by a tyrant is to sell yourself and those you love into slavery.

Snow spreading north! It should start in Central PA around 2 to 3 pm across the southwest and expand northeast rapidly. Everyone will be snowing by 5pm. Expect 2 to 4 inches. I'd shovel by 9pm as the weight of the snow will get heavier & waterlogged from sleet/rain. #pawx

It is the honor of my lifetime to receive the endorsement of General Michael Flynn for NJ's 4th Congressional District.

Let's WIN!!! 🇺🇸🇺🇸🇺🇸

GENERAL FLYNN

2605 72nd Avenue E Unit 904 Ellenton, Florida 34222 generalflynn.com

I strongly and wholeheartedly endorse Tricia Flanagan to represent New Jersey's 4th congressional district. She is the right candidate to go up against current RINO Chris Smith in the upcoming 2022 midterm.

Tricia Flanagan is mounting a forceful campaign against her lukewarm opponent who has spent 42 years in the DC swamp as a weak, Democrat-lite Representative voting with Nancy Pelosi and Joe Biden on critical legislation affecting every American. Chris Smith has failed to defend conservative values, but Tricia is ready to step up, fight and help fully drain the establishment swamp.

President Trump won New Jersey District 4 not once, but twice. It is a +38R district but unless we elect Tricia, the America First agenda will continue to remain stagnant amongst the do-nothing RINOs in Congress.

Tricia Flanagan's campaign is well on its way to not just gaining ground and momentum statewide in New Jersey but moving one step closer to winning back the House with an America First majority. We must win back the House and Senate to hold the line against Joe Biden's communist assault on our American Freedoms.

The 2022 midterm is one of the most important elections in America's history. Please join me in supporting Tricia Flanagan. She's a fighter, she's a Patriot, and she's exactly who we need to remove a useless politician in New Jersey and take back our great country.

Sincerely,

Michael T. Flynn

Pennsylvanians witnessed Fetterman and Shapiro's failed leadership during the pandemic - shutting down businesses, churches, and schools for months on end.

In what world would it be wise to allow these two radical leftists a chance at higher office?

A trailer carrying 100 monkeys collided with a dump truck this afternoon just off I-80 near Danville. According to state police four of those monkeys got loose. The PA Game Commission is looking for the monkeys. Troopers say the monkeys weigh about three pounds and they were on their way to a lab.

Public Health Scotland showing 2-dose vaccinated now have higher rate of cases, hospitalization and deaths than the unvaccinated.

Should the gov't now exclude vaccinated from work, school, military, restaurants, etc.? No. Rights should be inalienable.

When news of his death arrived here, a friend told the Sharon Herald that Sgt. Forrester had had a premonition of his death. On New Year's Eve, shortly before his deployment, he had given this friend his airborne tie tack and said, "I don't think I am coming back."
That was not an uncommon feeling among those assigned to Vietnam, many of whom did in fact come back. Unfortunately, for Sgt. Forrester, it proved to be true. He never came back to his wife and three children. Sgt. Forrester was honored at the Mercer Memorial 500 in 2007. Source https://www.avenueofflags.com/sgt-carl-james-jim-forrester/

These vile people who hatefully slam my deceased brother to my face, falsely claiming he was a bad human being, demonstrate they are exponentially worse than the caricature they have manufactured of Rush. They are really despicable. I won't descend to their Hell and reciprocate.

We need to step up and make better voting decisions. Don't vote by (R) or (D), read what they say, who they are, understand the issues.

This is insanity on the part of @RepSnodgrass and is not subject to misinterpretation. This is a Leftist telling Wisconsinites to butt out of their kids' education so other Leftists can teach them intellectual poison like CRT. This has to stop and it's why I'm running for #wigov.

Yep. The strength, leadership and patriotism @dougmastriano showed during the Senate hearings on voter fraud was truly inspirational. He's not only a national hero, he's an incredibly honorable man.

Yup! He's awesome. I watched him the past few years. He made the most sense of anyone w/c19. I had hope when he spoke, when he was fighting for the election, they tried to silence him he was truthful. He's a strong leader. I was hoping so badly he would run. 😀🎉 we need him.

I was honored to have a brave group of doctors and experts join us in Harrisburg today. They have dared to challenge the status quo on COVID. Their studies and findings are often ignored by the corporate media, big pharma, and our leaders in Washington and Harrisburg.

He was pushing an in depth investigation like in AZ here in PA but the Senate pres pro temp fired Mastriano's staff. It was a bunch of dirty business. He's running too. Most people don't like him. He's a RINO. Mastriano isn't.

Official update on how to obtain SIGNS!! We are working to get more signs available to everyone. The regional team captains do have a modest supply at this point and they can certainly be reached by email, but we are not in a position to be giving out full boxes to anybody. We are asking for a $5.00 donation for signs. We suggest that the donation be done on the website so that people are not handling cash and checks. The signs will also still be available at events! Here are the emails for the regional captains

The statue of Jesus Christ is taken out of an American Cathedral of Lviv, Ukraine 🇺🇦. It will be stored in a bunker for protection. The last time it was removed from the Cathedral was during WWII. Communist leaders have no soul & no conscience because they are non-believers.👹

GOVERNOR

MASTRIANO DOMINATES PETITION DRIVE WITH 28,060 SIGNATURES, MORE THAN ANY REPUBLICAN IN PA HISTORY

Gubernatorial candidate Doug Mastriano secures a place on the May 17 primary election ballot by collecting more signatures than all his opponents combined

Fayetteville, Pennsylvania / March 15, 2022 – Gubernatorial candidate and Pennsylvania Senator Doug Mastriano announced that he has collected 28,060 signatures from all 67 counties — more than all his opponents combined — in the nomination petition drive to secure a spot on the state's May 17 primary election ballot.

Mastriano collected between 100 and 500 signatures in 37 of Pennsylvania's 67 counties. In 11 counties he received over 500 signatures and collected more than 1,000 signatures in six.

"This historic petition drive proves that we are the only campaign with a grassroots movement of the people and for the people across our great Commonwealth," Mastriano said in a statement. "Several campaigns actually paid hired hands to collect signatures for their candidate due to their lack of support. This is like buying an election and needs to end. Not us. The people want change and showed their support unlike anything ever seen by a Republican gubernatorial candidate in Pennsylvania. This is historic."

The petition drive began on February 25, 2022 and ended today. Gubernatorial candidates had to collect a minimum of 2,000 signatures to appear on the primary election ballot — a threshold that Mastriano met just days into the petition drive.

One week before the submission deadline, Mastriano announced that he collected a whopping 10,092 signatures — five times the required amount. This was boosted Monday when his campaign filed an additional nearly 18,000 more signatures.

"My wife Rebbie and I are thankful for the hundreds of volunteers and tens of thousands who signed our petitions. We could not do this without your support," Mastriano said. "Together, and with God's help, we will restore freedom and change the world."

The simple fact remains that, this is the most signatures collected by a Republican in a petition drive in Pennsylvania. "As John Adams said, 'Facts are stubborn things.' The fact of

I first learned of Senator Mastriano when he oversaw the election hearings. Very impressive! He's a class act who knows how to conduct himself professionally, respects everyone, loves his Country that he has personally sacrificed and fought for. Hands down, BEST man for the job!

For those asking about Sen. Mastriano's participation in the gubernatorial forum in PA.

Frustrating the organizers were unwilling to move an event that was calendared quickly in order to accommodate all candidates who wanted to attend.

I respect Doug for honoring his word.

This is totally false. Corman cut off Mastriano's staff, refused to help call the legislature back in to session in Nov 2020, and refused participation in the Gettysburg briefing. I was there. Conway was at home. Mastriano was and is the only one fighting for election integrity.

The fact that “advisors” to President Trump are actually paid consultants to other campaigns is a conflict of interest. If Trump endorses Jake Corman after everything that happened post-election in PA, that will be a VERY BAD decision and the base will see through it.

The fact that "advisors" to President Trump are actua y paid consultants to other campa.gns s a confl ct of nterest. If Trump endorses Jake Corman after everyth ng that happened post-election in PA, that will be a VERY BAD decision and the base w l see through it.

Why so many hospital staff home with COVID?

@RobMacIsaac Please read latest from #CDC & #WHO showing natural immunity to be 10x stronger.

If you're going to take $600k+ taxpayer $, read up.

> **Rob MacIsaac** @RobMacIsaac
> The number of HHS staff isolating away from work due to COVID is up again although not to the extremes we've seen previously. This is probably a good reflection of what is happening in our community in terms of new infections 1/2

US Navy LCDR Stephen L. Schlichter died tonight after a courageous fight. A Christian and patriot, he was on the carrier that picked up Alan Shepard. He held coffee patents. He was my Dad. Thank you for your prayers. They were heard. We are sad yet grateful. 12/31/38-4/2/22 🙏

PRESIDENT DONALD J. TRUMP

A 1 , 2

Statement by Donald J. Trump, 45th President of the United States of America

One person in Pennsylvania who I will not be endorsing is Bill McSwain for Governor. He was the U.S. Attorney who did absolutely nothing on the massive Election Fraud that took place in Philadelphia and throughout the commonwealth. He said Barr told him not to do anything (because Barr was afraid of being impeached by the Democrats, but he should have done his job anyway. Without free and fair Elections, we don't have a Country. Do not vote for Bill McSwain, a coward who let our Country down. He knew what was happening and let it go. It was there for the taking and he failed so badly. Many of the U.S. Attorneys were probably told not to do anything by Barr. Hence, our Country is going to hell.

True the Vote's Findings are determinative and Bill McSwain should be ashamed of himself, as should many Republican leaders who didn't act. They said Philadelphia and Detroit were two of the most corrupt places in the Country, with Georgia being one of the most corrupt states!

Clearly, McSwain's actions BETRAY his words. Look what a man does and not what he says. Then, look at @dougmastriano - a man with a proven record, delivers on his word, fights EVERY day for FREEDOM, does not back down from corrupt politicians & is a SERVANT for the people. 🇺🇸

Attorney who did absolutely nothing on the massive Election Fraud that took place in Philadelphia and throughout the commonwealth He said Barr told him not to do anything (because Barr was afraid of being impeached by the Democrats) but he should have done his job anyway Without free and fair Elections, we don't have a Country Do not vote for Bill McSwain, a coward who let our Country down He knew what was happening and let it go It was there for the taking and he failed so badly Many of the U S Attorneys were probably told not to do anything by Barr Hence, our Country s going to hell.

True the Vote's findings are determinative and Bill McSwain should be ashamed of himself, as should many Republican leaders who didn t act They said Philadelphia and Detroit were two of the most corrupt places n the Country, with Georgia being one of the most corrupt states'

Mastriano Votes to Ban "Zuck Bucks" and Ballot Drop Boxes

April 13, 2022

HARRISBURG – In a significant victory for election integrity, two bills co-sponsored by Senator Doug Mastriano passed the full Senate today

The first bill, SB 982, prohibits the use of private funds for the administration of elections. During the 2020 election, partisan liberal groups funded by Mark Zuckerberg disproportionally awarded grants to influence turnout in left-leaning counties.

The second bill, SB 1200, bans the use of drop boxes and clarifies that ballots may only be dropped off to an employee at a county board of elections office. Collecting and dropping off ballots on behalf of others is illegal in Pennsylvania. This violation, known as ballot harvesting, was proven to be prevalent in the 2020 and 2021 general elections.

"We still have much work to do to restore trust in the electoral process in Pennsylvania, but the passage of this legislation is certainly a step in the right direction," said Mastriano. "Right to Know" documents and video evidence has proven why these bills are necessary."

I see you expect more crime in Louisville. Other cities see it too. What should they be doing? Gun control? Stop and frisk? I think communities decide what they won't accept. And what does any of this have to do with the ridiculous notion of "stealing" an election?

I lived in Philly 15 years and saw the crime go crazy within a years time. I grew up in KY and I see Louisville doing the exact same things. I have no idea how to fix it. I'm just warning you it's coming. Vote in the primary in May is a start. Ask mayoral candidates about crime.

A word of advice for your father,
[redacted].

The ONLY candidate we know who will go to the wall & eliminate PA homeowners' property tax, is [redacted].

If you don't understand the intensifying weight of that single issue, you don't understand PA voters.

> The culmination of proof came via the 2017 100% Homestead Property Tax Exclusion ballot question, in which 56 of Pennsylvania's 67 (84%) counties vote "yes." The years of calling and knocking on doors as we were requested are no longer needed. The mandate is clear. We did as legislators requested. It is now their turn to do their job, the job the voters have mandated!

For PA, I'm really hoping for @dougmastriano - he could turn our state around. We need a veteran and a guy like DeSantis who will stand up to Democrats.

In 2019, California passed SB276 which criminalizes doctors who write more than 5 medical vaccine exemptions per year. This is why as a mother, I support @dougmastriano for Governor, he will defend medical freedom in Pennsylvania.

One of my greatest fears moving back to PA from GA was the condition the state has reached and the direction it/we were going @dougmastriano it's a breath of fresh air to get a military man in office. It's time for integrity! I've heard so many great things. I'd like to help

I like Lou but he ran a poor campaign against Wolf. We need a fighter and someone who will attract voters from both parties in November.
#DougMastriano is a constitutionalist who will protect the freedoms of all Pennsylvanians.
And yes, @McSwainPA was a snooze fest.

Because PA desperately needs a very strong leader, someone who'll fearlessly grab hold of the reins. We've been spiraling out of control for too many years. Crime, spending, fraud, lock downs, CRT, anti-police rhetoric. We need help. Doug can do it! He's proven his strength!

Doug Mastriano Wins Gubernatorial Debate

Harrisburg, PA - According to a ABC27 WHTM post-debate poll, GOP frontrunner Doug Mastriano won the Pennsylvania Republican Primary Gubernatorial debate in Harrisburg held on Wednesday, April 27

The ABC27 WHTM post-debate poll asked "Who do you think won the Pennsylvania Republican Gubernatorial primary debate?" Over **60%** of viewers said that Mastriano had won the debate. The next closest candidate was at 26%

Throughout the hour-long debate Mastriano expressed his passion for Pennsylvania and the country made evident by his thirty-plus year military career as a decorated combat veteran and Colonel in the United States Army

Mastriano stressed the importance of election integrity and that he supports voter ID as well as the elimination of mail-in ballots. Mastriano Provides Statement on the impeding overturn of Roe v. Wade

May 3, 2022

HARRISBURG Senator Doug Mastriano (PA-33) provided the following statement in response to breaking news last night that the U S Supreme Court plans to overturn Roe v Wade

"Although the decision will not be final until June and the leaking of this document is unprecedented, it is a good sign that the majority of the justices at this time are inclined to follow the science

"January 22, 1973 was one of the darkest days in American history On that day seven justices of the Supreme Court ruled that the right to life could merely be reduced to a decision of convenience

"The white nationalist patron of Planned Parenthood, Margaret Sanger, used "family planning" to deliberately target minorities According to recent statistics from the Department of Health, the African American and Latino populations of Pennsylvania suffer more than half of all abortions in the commonwealth despite accounting for only about 18% of our populace

"Our nation is now on the precipice of reversing this science denying genocide Thanks to President Trump, a conservative majority on the Supreme Court is set to right this historic wrong Since I was elected to the Senate, there has been no more important issue to me than the right to life.

"The Heartbeat Bill was one of the first pieces of legislation that I

If half the people in the country don't care that a president tried to stage a soft coup to stay in power, what hope does our democracy have Power tends to corrupt, & absolute power corrupts absolutely The Republicans don't care about democratic rule. they just care about rule

1

Ames @35_56_MPDA 14h

There is no democracy without election integrity Politicians do not need to answer to their constituents if there is no election integrity It is not about a political party, it's about corruption in both parties and in our institutions

I think one party stands out when it comes to having no election integrity the Republicans of course The anti-democracy party.

Statement from Leading PA Gubernatorial Candidate, @DougMastriano

Leading PA gubernatorial candidate Doug Mastriano comments on the impending SCOTUS ruling on Roe v. Wade

Harrisburg, Pennsylvania - May 3, 2022 - Leading Pennsylvania gubernatorial candidate and state Senator Doug Mastriano has issued the following statement in response to the leaked report that the U.S. Supreme Court plans to overturn Roe v. Wade:

"While the leak of the impending ruling is unprecedented, it is not surprising. Just as they did in 1973, activists within our country's highest court are desperately protect the horrific abortion industry.

"Conservative justices on the Supreme Court, however, should not be intimidated and must uphold the rule of law. Abortion is a private, deeply personal issue that will never be settled [illegible] Enacting the Most Vulnerable Unborn Protection Act, and I stand in Pennsylvania who make up roughly 10% of the general population in the state, while nearly 90% of all abortions in the commonwealth.

"We must protect the lives of the unborn in Pennsylvania. In 2019, I introduced the Heartbeat Bill, which requires doctors to determine if a baby has a heartbeat before performing an abortion. The General Assembly should have a vote on this bill as soon as the next SCOTUS ruling is official.

"As governor, I will continue to champion pro-life legislation and fight for the unborn. This is the least that we can do for the future generations of Pennsylvanians.

Statement from Leading PA Gubernatorial Candidate, @DougMastriano

DOUG MASTRIANO FOR GOVERNOR

Leading PA gubernatorial candidate Doug Mastriano comments on the impending SCOTUS ruling on Roe v. Wade

Harrisburg, Pennsylvania – May 3, 2022 – Leading Pennsylvania gubernatorial candidate and state Senator Doug Mastriano has issued the following statement in response to the leaked report that the U.S. Supreme Court plans to overturn Roe v. Wade:

"While the leak of the impending ruling is unprecedented, it is not surprising. Just as they did in 1973, activists within our country's highest court are desperately protect the horrific abortion industry.

"Conservative justices on the Supreme Court, however, should not be intimidated and must uphold the application of a properly derived pro-life legal argument of unborn children that has been used to defend all life at the moment of fertilization, including the Black child, African American child, and children of Pennsylvania who make up roughly 15% of all abortions in the commonwealth.

"We must protect the lives of the unborn in Pennsylvania. In 2019, I introduced the Heartbeat Bill, which requires doctors to determine if a baby has a heartbeat before performing an abortion. The General Assembly should have a vote on this bill as soon as the next SCOTUS ruling is issued.

"As governor, I will continue to champion pro-life legislation and fight for the unborn. This is the least that we can do for the future generations of Pennsylvanians.

To learn more about Mastriano for Governor and his policy vision for Pennsylvania, please visit www.DougMastriano.com. You can follow Mastriano on Twitter, Facebook and Instagram.

Trump muffed the punt on this race with dr. Oz. He has gotten a lot of them right including J D Vance in Ohio. When he's wrong, we must just say no. Hopefully Pennsylvanians when they are selecting @dougmastriano for gov will also select @Kathy4Truth to truly represent PA.

Exactly why I'm voting for GOVERNOR ! Bc, I can't measure the disgust over misplaced trust in , , after hearing their smears & deliberate lies...still using the Act77 lie?

[redacted]

Fifty years ago this month, Act 77 was signed into law by then-Governor Tom Wolf, who in 2019 unilaterally demanded that counties replace their voting machines. He claimed at the time that we faced an entirely new security crisis and that new machines that provide paper trails were needed to strengthen accuracy and election integrity.

This led to heated conversations about what would become Act 77 which provided funding to new machines, established no-excuse mail-in ballots with extensive security measures and eliminated straight-party ticket voting. It was a victory for people over politics.

We also supported a report on the 2020 primary election to see what worked and what didn't in our new law.

That report made clear that county election officials were telling us: More time was needed to process the additional mail-in ballots and timeline adjustments were needed for voter registration. We obliged and passed a bill to address those concerns, however the governor pledged to veto it, arguing that ensuring delays in results.

In hindsight, it appears he slowed the process down because the Pennsylvania Democratic Party was hiding its attack.

The Pennsylvania Democratic Party sued the Democratic governor to change the law.

Then the Pennsylvania Supreme Court, also controlled by elected Democrats, unconstitutionally acted to change the law for receiving and counting ballots. The court allowed for drop boxes that were never in the original law, and stripped the security provisions for mail-in ballots, including a simple requirement that the signature on the ballot match the name of the voter. All the while, the court's did not address the timing concerns of county election officials.

That's not the Act 77 supported by the Act 77 that helps voters. It's the kind of lawless order that's at the heart of the public and media's mistrust in our election process.

Made-for-cable news networks immediately started in September 2020 that the court's actions jeopardized the security and integrity of our elections and would potentially put Pennsylvania in the middle of a disastrous national crisis as the world waits for our Commonwealth to tally election results days or weeks following Election Day.

Combined to voters' worries up to and after the election, Gov. Wolf's failure on Nov. 6, 2020 that the uncertainty surrounding those interventions was cast an unnecessary cloud on the election process. That invites our people to question the results regardless of which candidate or party may prevail.

Look, being completely honest. I'll probably end up shielding my eyes and checking the box for Doug if it comes to that

Im not the type of voter he needs to win at all though to win a general.

I used to be a main line mom until 3 years ago. @dougmastriano is my ONLY choice. I've met him, I've talked with him, he is pure righteousness and grace. Tough as needed to fight the crap elements found in today's government Mafia & gracious to suffering families. We need Doug

Hey Doug, if you end up winning the nomination can you please focus on school choice, parental rights, gas tax, energy independence and RGGI? Those are winning issues in 2022, not election fraud. Just please, please, focus on winning issues

Even the media is starting to get terrified that @dougmastriano and @Kathy4Truth are going to win this thing.

Nothing would make them happier than seeing a GOP candidate get "clobbered"

They push this nonsense because not only are we winning Tuesday, we are winning in November

> **NBC10 Philadelphia** @NBCPhiladelphia
> Many Pennsylvania Republicans increasingly fear that GOP voters on Tuesday in the primary election will pick a candidate who could get "clobbered" by Democrat Josh Shapiro in the general election in November. Here's a look at Doug Mastriano's rise: on.nbc10.com/2uRetb

Can somebody please explain to The Editorial Board of The Wall Street Journal that a person named Donald J. Trump easily won the Commonwealth of Pennsylvania's vote in 2016 against Crooked Hillary Clinton, and In 2020 did MUCH better against Joe Biden, but the Election was Rigged and Stolen. The people of Pennsylvania understand this far better than the RINO "Board," who have totally lost touch & influence with America. I will soon be Endorsing (so far, 58 to 1) a candidate for Governor!

Endorsement of Doug Mastriano for Governor of Pennsylvania by President Donald J. Trump

There is no one in Pennsylvania who has done more, or fought harder, for Election Integrity than State Senator Doug Mastriano

He has revealed the Deceit, Corruption, and outright Theft of the 2020 Presidential Election, and will do something about it. He will also Fight Violent Crime, Strengthen our Borders, Protect Life, Defend our under-siege Second Amendment, and Help our Military and our Vets. He is a fighter like few others, and has been with me right from the beginning, and now I have an obligation to be with him

That's fair. I just hate the 'can't win the general' argument. The environment has never been more favorable, and the establishment used this argument on Trump in 2016 (the same people now pushing this on Barnette and Mastriano). Shapiro isn't as electable as people think.

It's all just typical Democrat DISINFORMATION, which is all they're good at. The Weasels only chance of winning is a 2020 style Election Fraud (see "2000 Mules")!!!

I endorse Doug Mastriano for Governor of Pennsylvania. He is a fighter who will be a great governor. He fought for #ElectionIntegrity when very few did. Pennsylvania needs an honest man at the helm at a time like this. @dougmastriano

I've authored a bill to protect Pennsylvania's farmland. We must preserve these lands from overdevelopment, foreign takeovers, and purchases by scheming billionaires like Bill Gates

Harrisburg-Senator Doug Mastriano (PA-33) officially introduced legislation to expand Pennsylvania's successful Agriculture Conservation Easement Purchase Program

In recent years, more and more prime farmland has been lost to development According to Penn State s College of Agricultural Sciences, the number of acres of farmland in Pennsylvania fell by 6% (7.3 million acres) between 2012 and 2017 The number of farms dropped by 10% (53,157) over that same period
Pennsylvania's successful Agriculture Conservation Easement Purchase Program has been a nationwide model for farmland preservation Under the easement program, 58 participating county programs receive state funds for the purchase of agricultural conservation easements An agricultural conservation easement is a legal restriction that limits the use of the property to agricultural purposes and the landowner is financially compensated for the sale of the easement

Since 1988, the program has purchased permanent conservation easements on 5,979 Pennsylvania farms, covering 606,215 acres in 58 counties

Mastriano's bill will increase annual funding to the program by earmarking **10%** of PA's realty transfer revenue to go towards the easement program This will equate to an average infusion of over **$80 million** in additional annual funds for farmland preservation The bill also expands the eligibility of farms by reducing the minimum subdivision size for preserved farmland from 50 acres to 25 acres and allows parcels less than 10 acres that are adjacent to preserved land or used to produce crops unique to the area to be eligible for the easement program

Families are already struggling to make ends meet under Joe Biden's crushing inflation. Now, @PA_PUC warns Pennsylvanians electric costs will soar by 6%-45% on June 1. Yet, Gov. Wolf refuses to abandon the Democrat #RGGI carbon tax, which will drive up energy costs even more.

Endorsement of Doug Mastriano for Governor of Pennsylvania by President Donald J. Trump

There is no one in Pennsylvania who has done more, or fought harder, for Election Integrity than State Senator Doug Mastriano

He has revealed the Deceit, Corruption, and outright Theft of the 2020 Presidential Election, and will do something about it. He will also Fight Violent Crime, Strengthen our Borders, Protect Life, Defend our under-siege Second Amendment, and Help our Military and our Vets. He is a fighter like few others, and has been with me right from the beginning, and now I have an obligation to be with him

Doug Mastriano and Dr. Mehmet Oz will make an unbeatable team

Apparently you're just not allowed to talk about a blatantly 'fortified' election, even if it's less than 10% of what you talk about, in a state with many voting irregularities. If they knew anything about this guy, they would know he brings a lot more to the table than that too

The last person that Josh "The Little Weasel" Shapiro wants to run against for Governor of Pennsylvania is Doug Mastriano, who has got an army of enthusiastic warriors and patriots on his side. It's all just typical Democrat DISINFORMATION, which is all they're good at. The Weasels only chance of winning is a 2020 style Election Fraud (see "2000 Mules")!!!

This is a ridiculous straw man. @dougmastriano rejects the term because he isn't a "Christian nationalist." He's a Christian who understands America was founded on Judeo-Christian values. But the @AP activists want to use a pejorative term out of context to vilify him falsely.

When you put a Shapiro sign in your yard, you're saying to your neighbors: I believe in our democracy. I believe in our fundamental freedoms. And I'm standing up to defend them.

So grateful for every supporter on this team.

A lot of @dougmastriano signs, however.👍
